Clark County Community Foundation has Information Booth at Clark County Fair

Did you go to the 2016 Clark County Fair?!

We did!

The CCCF had an information booth located in the “Open Class” Exhibition Building at the Clark Co Fair in early August 2016. We had the good fortune to meet many of our Clark County friends and neighbors! Thanks for stopping by to visit with us. Getting the “word” out about the Foundation and all the good that can come from it is one of our favorite things to do as directors and volunteers!

If you’d like to learn more about the Foundation ~ Let us know!

We’ll make sure you receive our most current information as soon as possible!
