The CCCF Scholarship Committee and the Board of Directors wish all the scholarship applicants and recipients, the very best as they further their education and enter the workforce. According to Anne Teska, Chairman, and the rest of the Scholarship Committee members, each of these young people are outstanding representatives of their families, their school districts, and their communities. Congratulations to all of them!

The CCCF Scholarship Program was created to provide additional financial resources to eligible students; living in Clark County WI, and pursuing an education beyond high school. This year, the second cycle of the scholarship application process, approximately 40 students, from 12 of Clark County's 14 school districts applied for consideration. The Foundation is excited to be able to award these six scholarships in 2016, and with the help of our generous donors, will continue to expand and improve our Scholarship Program into the future.
