Clark County Community Foundation Inc. Announces 2016 Grant Recipients

The Clark County Community Foundation (CCCF) is pleased to announce the 2016 Grant Cycle award recipients. Congratulations to these Clark County area organizations who have received funding through unrestricted field of interest funds and the ***Clark County Community Fund***:

Page Forward – Volunteers for Literacy in Clark County;
Catholic Charities – House of Mercy (Loyal WI);
Clark County Association for Home and Community Education (BookWorm Project);
Clark County Area Food Pantry and Resource Center;
Clark County Aging Department – Neillsville Senior Citizens; and
Friends of the Colby Public Library.

Our area non-profit, charitable, education, and service organizations face many challenges; a high demand for the services they provide, reduced resources from which to draw upon, and the ever-present need for volunteer support. Finding ways to help meet their needs and face these challenges, was a major reason for establishing the CCCF and the Clark County Community Fund.

To learn more about the CCCF's funds or programs, request a speaker for your group / organization, or to make a tax-deductible donation, contact the Foundation by mail at: *Clark County Community Foundation Inc.*, PO Box 116, Loyal, WI 54446, by email at: information@clarkccf.org, by phone: at 715.937.6167 or by visiting our website: www.clarkccf.org.
