2019 Annual Report

President's Report and Annual Message

Dealing with Unexpected Change – and Finding Ways to Move Forward

I started writing this report in March in preparation for the Foundation's 2020 Annual Meeting and thought I was making good progress. Little did I know how quickly things would change and that the Annual Meeting, as scheduled, would soon be cancelled.

We now know that our lives have drastically changed and, truthfully, may never return to that version of "normal" so recently experienced. Who could have imagined the impact a virus, known as COVID-19, would have on every country in the world and the number of lives it would claim in its destructive path? Our daily lives now include people working from home, public schools closed, wearing (and sewing) masks, "social distancing" and "stay home" orders across the country. An unbelievable amount of change in a few short weeks!

To make sure the Foundation stays current and focused, we will be reviewing our Mission Statement as well as current action plans in the coming months. We want to make sure we move forward in a way that addresses the most pressing needs, while being alert for new opportunities that may benefit Clark County.

Meeting the needs of our Communities

When the new protocols and "stay home" orders started, we were in the middle of the annual

Scholarship Cycle for Clark County high school seniors. We quickly adapted to the circumstances by having the Selection Committee evaluate applications from their homes with information that was scanned and emailed to them. We can all be flexible when we need to be, for which I am extremely grateful! Additionally, area High Schools are developing various award and graduation ceremony formats to celebrate these amazing graduates and scholarship recipients.

In response to the COVID-19 pandemic, the Foundation is currently focused on providing emergency grants to our Clark County area food pantries as they deal with the increased use of their services. Taking care of basic needs here in Clark County is our number one priority. If you are interested in helping the Foundation with its COVID-19 response, visit our website at www.clarkccf.org or use the enclosed envelope to make a donation.

The work and accomplishments highlighted in this 2019 Annual Report are only possible because of the dedication of our Volunteers and the financial support of our Donors.

On a personal note, I would like to extend a special "Thank you" to retired Director and President Steve Hemersbach. The leadership Steve has provided the Foundation these past years cannot be quantified, nor will it be forgotten.

With gratitude and appreciation to all,

Natalie K. Erpenbach, President
Clark County Community Foundation, Inc.

2019 Committee Reports

Executive Committee Report

The *Executive Committee* meets at least bi-monthly to take care of any business matters between Board of Director Meetings. During 2019, the Executive Committee has coordinated the Foundation’s presence at various meetings and events, worked with Committee Chairs to further their efforts and managed the day to day operations and programs of the Foundation. Never a dull moment for this Committee!

Joint Investment / Finance Committee Report

Meeting jointly, on a bi-monthly basis, the Investment and Finance Committees supervise the Foundation’s invested assets, approve all expenditures, and determine that required reports are filed timely.

The *Investment Committee* is responsible for the supervision of all invested assets which are held by Associated Trust Company or at various area financial institutions as interest bearing deposits. The Committee works with the Investment Managers and reviews the activity and performance of all invested assets on a regular basis.

The *Gift Acceptance Committee* is responsible for approving certain donations or creation of Funds to the Foundation and recommends their acceptance to the Board of Directors. The following are two of the newer Foundation Funds.

Fiscal Sponsorship Agreement

The Clark County Fairgrounds

Revitalization Project Fund was created to accept donations on behalf of Clark County, WI and are reserved for the improvements currently in progress to the Clark County Fairground property. Phase I, construction of the *Multi-purpose Livestock Building*, has met 90% of its final goal of \$521,000 in donations and pledges. Construction will begin in late 2020 and will be completed in time for the August 2021 County Fair.

Giving Circle Fund

A new Fund called the **Giving Circle Fund** was established in 2019. This Fund collects donations of \$100 from each Giving Circle Donor which are then accumulated and allocated based on the table below. Fifty percent of the Giving Circle Fund balance is democratically voted upon and then allocated each year.

Percentage	Distributed to:
20.00 %	Clark County Community Fund
20.00 %	Clark County Scholarship Fund
10.00 %	CCCF — Operating Fund
50.00 %	You Choose! Each Giving Circle Donor casts their vote selecting annual grant recipients.
100.00 %	Total Distributions

The *Finance Committee* supervises all financial activities, reviews current financial statements including receipts, expenses, and bank activity. This committee is also responsible for timely filing of federal, state, local or other required reports. Since they involve disbursement of funds, the activities of the *Scholarship Selection and Grant Allocations Committees* are also supervised by the Finance Committee (see pages 5 and 6).

Policies and Procedures Committee Report

The task of creating, revising, and managing the Foundation's policies, procedures, forms, and agreements is being accomplished by a sub-committee of the Joint Investment and Finance Committee. Meeting on an "as-needed" basis, the Committee members work on the following:

- Review/update previously approved policies, procedures, or forms;
- Research and draft new policies and procedures;
- Draft and/or review necessary Donor or Fund Agreements; and
- Work with the Foundation's attorney, as necessary, for review of suggested modifications and completeness of documents.

At the Board's discretion and because of this Committee's work, the Foundation is on track to apply for accreditation that verifies its compliance with the National Standards for U.S. Community Foundations.

Development/Fundraising Committee Report

The Development/Fundraising Committee is responsible for communication with Donors and the public at large, as well as creation of promotional materials and programs. These are highlights of the Committee's work in 2019:

- Continued fundraising efforts to tell current and potential Donors about the organization and its purpose. Letter campaigns and select mailings were done throughout the year.
- Use of social media, like our website (www.clarkccf.org) and our Facebook account (www.facebook.com/clarkccf.org), provide opportunities for anyone interested in the Foundation to get current information and access to application forms. Recent photos and press releases of Foundation events are also accessible through these mediums.
- Placement of the *Traveling Promotional /Information Display Board* was initiated in 2018. This beautiful (hand-made) display board was placed in several Clark County community libraries and locations this past year. We plan to continue this practice in 2020 when businesses are allowed to open to the public once again.
- Connecting with area chambers of commerce, historical societies and having a presence at Community events, such as the CCEDC Business to Business Expo and the Clark County Fair was also a priority.

Scholarship Committee Report

The sixth annual CCCF Scholarship Cycle is in progress with final selection of recipients being announced in the near future. Applications have been submitted (deadline March 31) for the various scholarships, and the Selection Committee members have completed their "at-home" evaluation process. This year there is an additional scholarship opportunity for students living in Clark County and attending Colby High School. Funds have been provided by the children of Melvin and Thelma Kunick, former Colby residents, for two \$500 scholarships. What a wonderful way to remember their parents and the High School they graduated from!

The Scholarship Program is growing! In 2019, the Foundation was able to award nine (9) scholarships of \$300 to residents of Clark County. (see list in the next column)

The second annual Harry and Esther King Memorial Scholarship of \$250 was awarded to a Neillsville student. The Teresa Johnson Memorial Scholarship of \$300 was awarded for the first time to a student from Clark County. An advisory committee at Greenwood High School selected a deserving student for the Erik Pentz Memorial Scholarship of \$300. The 2019 CCCF Scholarship recipients are listed at the right.

All scholarship presentations were made by members of the Board of Directors at the senior awards programs at the respective schools. Following the school presentation, a press release with pictures of the recipients was sent to the public media. School guidance counselors and the press have been most helpful in promoting the Foundation Scholarship program.

The Foundation is grateful to its donors and the 2019 Scholarship Selection Committee composed of David Burke, Diana Coffey, Chris Keller,

Louanne Meyer, Dawn Stump, Linda Turnquist, Ann Zickert, Greenwood High School Advisory Committee, and the children of Harry and Esther King for their diligence in evaluating the applications. A "shout out" can also be made to all the applicants for their time and efforts in completing the applications.

With continued help of generous donors, it will be possible to provide additional, and possibly larger, individual scholarships going forward.
